**Hollywood: A Very Short Introduction (Very Short Introductions)** By Peter Decherney

In this engaging and readable book, Peter Decherney tells the story of Hollywood, from its nineteenth-century origins to the emergence of internet media empires. He recounts how the studio system rose out of the ashes of Thomas Edison's trust to create the handful of companies that have dominated global screens and imaginations for more than 100 years. Throughout, he reveals that the elements we take to be a natural part of the Hollywood experience--stars, genre-driven storytelling, blockbuster franchises, etc.--are really the product of cultural, political, and commercial forces.

In many ways, Hollywood has remained the same for over a century. It has always been a global industry based in the U.S., and its storytelling has always unfolded across media, adapting plays, book, and comics and spinning off product tie-ins, television series, and social media campaigns. But major events have also continually remade Hollywood. The studios have weathered wars, disruptive new technologies, and competition by adopting a strategy of risk management and assimilation. This book explores the challenges of new technologies, including sound, home video, and computer graphics. And it examines Hollywood's responses to World War II, independent film movements, and regulations imposed by Washington.

*Hollywood: A Very Short Introduction* is filled with discussions of well-known movies, stars, and directors, encapsulating the past century of research on Hollywood while adding many original insights and stories. It is the perfect introduction for readers who want to better understand the history and functioning of our screen-saturated world.

### ABOUT THE SERIES:

The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

### Editorial Review

#### Review

"Peter Decherney has literally written the book on Hollywood-everything you ever needed to know about the history of the film industry in eight captivating chapters." --Stacey Snider, Co-Chair, 20th Century Fox

"Peter Decherney has proven that brevity truly is the soul of wit. *Hollywood: A Very Short Introduction* is not only a great (and very quick) read; it's incredibly insightful when it comes to explaining how movies have evolved, both creatively and financially, over the last century. If you love movies you'll love this book."  
--Dick Wolf, producer of *Law & Order*

"Peter Decherney - setting the scene by pointing out how unnatural, crisis-prone and risky a business Hollywood has always been - weaves a beguiling narrative. He takes the reader from the days of Edison's kinetoscope to digital post-production equipment, always alert to the fact that this now century-old success story which is the American film industry only survived the many changes in technology, business models and audience tastes, because it held fast to a few fundamental principles, such as keeping corporate control, managing risk and extending audience access. Briskly told, integrating the latest scholarship while not losing pace or momentum, *Hollywood: A Very Short Introduction* captures the essentials without ever sacrificing nuance." --Thomas Elsaesser, University of Amsterdam

"Peter Decherney gives us a whirlwind ride from Edison to You Tube in his *Hollywood: A Very Short Introduction.R*" --Roger and Julie Corman, filmmakers

#### About the Author

### Users Review

#### From reader reviews:

**Christopher Ray:**

As people who live in the modest era should be change about what going on or data even knowledge to make all of them keep up with the era that is always change and advance. Some of you maybe will certainly update themselves by looking at books. It is a good choice for you personally but the problems coming to you actually is you don't know what kind you should start with. This Hollywood: A Very Short Introduction (Very Short Introductions) is our recommendation to make you keep up with the world. Why, because book serves what you want and want in this era.

**Robert Knight:**

This Hollywood: A Very Short Introduction (Very Short Introductions) is great e-book for you because the content which is full of information for you who also always deal with world and also have to make decision every minute. That book reveal it information accurately using great organize word or we can claim no rambling sentences inside. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but challenging core information with lovely delivering sentences. Having Hollywood: A Very Short Introduction (Very Short Introductions) in your hand like obtaining the world in your arm, info in it is not ridiculous one particular. We can say that no reserve that offer you world within ten or fifteen tiny right but this book already do that. So , it is good reading book. Hey there Mr. and Mrs. occupied do you still doubt this?

**Rebecca Goza:**

That reserve can make you to feel relax. That book Hollywood: A Very Short Introduction (Very Short Introductions) was colourful and of course has pictures around. As we know that book Hollywood: A Very Short Introduction (Very Short Introductions) has many kinds or style. Start from kids until adolescents. For example Naruto or Private eye Conan you can read and feel that you are the character on there. So , not at all of book are make you bored, any it offers you feel happy, fun and unwind. Try to choose the best book for you personally and try to like reading which.

**John Cheung:**

As a student exactly feel bored to reading. If their teacher inquired them to go to the library as well as to make summary for some reserve, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the educator want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this Hollywood: A Very Short Introduction (Very Short Introductions) can make you feel more interested to read.
