The Spiritual Symbols Workbook: Create your personal dictionary of intuitive, psychic and metaphysical symbols By Rev. Joanna Bartlett

Develop your own dictionary of Spirit's signs and symbols with this easy-to-use workbook

Your dreams, intuition and Spirit often come to you in symbols. Knowing what different symbols mean to you is essential in developing your intuitive abilities.

While you can ask each and every time when you receive a message what a specific symbol means, it's much easier and less confusing to have an established set of symbols through which Spirit can work with you. It's like psychic shorthand.

This symbol dictionary workbook provides an organized way to work with your spiritual symbols. Almost every intuition, mediumship or psychic development teacher recommends creating a symbol dictionary that you fill in as you meditate and work on developing your abilities. But it's logistically difficult. What symbols should you include? How do you find each entry when you need to refer back to it?

This intuitive workbook makes it easy. More than 1,500 common symbols are organized into categories and subcategories with space for you to write in your own definitions. Plus there's an index in the back so you can easily look up anything from aardvarks to rainbows and find it in a snap.

Now you can deepen your connection with Spirit and keep track of it all in this handy workbook.

Please note: This workbook contains an explanation of Spiritual symbols and how to work with them and a listing of more than 1,500 symbols that you can fill in your own definitions for. It's not a dictionary with all the definitions in it already - you get to decipher those for yourself and fill them in this workbook.
