**Buddhas of the Celestial Gallery** By Romio Shrestha, Ian Baker

The third edition in the Celestial Gallery series, *Buddhas of the Celestial Gallery* collects Romio Shrestha's rarest and previously unpublished t'angkas, surveying the many incarnations of the Buddha.

In the tradition of *Celestial Gallery and Goddesses of the Celestial Gallery*, Romio Shrestha's latest art book gathers striking Tibetan-style mandala paintings featuring the Buddha. These hauntingly powerful paintings depict the life of the deity in eloquent detail and render postmodern interpretations of an age-old Tibetan artistic tradition in which images are painstakingly created using malachite, lapis, and marigolds, and painted at times with three hairs of a cat's tail. These exquisite portrayals of the celestial spheres, known as mandalas, invite viewers to meditate on the Buddha's message of love, completion, and connectedness. Also available in a lavishly illustrated oversize edition.
