Stormlord Rising By Glenda Larke

The last Stormlord is dead. War has come to the cities of the Quartern. The violent, nomadic Redrunners have put every rainlord they could find to the sword and the cities are left without hope.

Shale has been betrayed, drugged, and left at the feet of his greatest enemy. Now, he must decide to work with those who have plotted against him or let thousands of the waterless die. He has great power but is no Stormlord. At least, not yet...

Terelle has escaped the Scarpen in search of her homeland and her people, the mysterious Watergivers. But a desperate message will send her back to find Shale and face her worst fears.

The people of the Scarpen are in danger. Shale and Terelle must find a way to save their people and punish those who have destroyed all they ever loved.
