Bonsai techniques By John Yoshio Naka

In this book there are many detailed diagrams and tons of information that any serious bonsai artist should have. Naka de-mystifies the art of bonsai and gives clear cut diagrams that are easy to understand and (even more important) easy to apply to your own trees. The text is very clear and easy to understand, and the complexities of bonsai are slowly revealed through the quantity of the content provided instead of the complexity. The author, John Naka, was considered one of the top 5 bonsai artists of the late 20th and early 21st centuries (John died recently in 2004). The display pavillion of the National Bonsai Collection in the National Arboretum in Washington D.C. is named after him, and he is considered the "founding father" of American Bonsai. For many Americans, John humanized the art of Bonsai, and opened a window to what is for many people a new art form and a new culture.

Editorial Review

Users Review

From reader reviews:

Therese McGaha:

The book Bonsai techniques can give more knowledge and information about everything you want. Why then must we leave a good thing like a book Bonsai techniques? Several of you have a different opinion about publication. But one aim that book can give many details for us. It is absolutely appropriate. Right now, try to closer along with your book. Knowledge or information that you take for that, it is possible to give for each other; you are able to share all of these. Book Bonsai techniques has simple shape nevertheless, you know: it has great and large function for you. You can seem the enormous world by wide open and read a reserve. So it is very wonderful.

Bethany Christiansen:

The book Bonsai techniques has a lot details on it. So when you read this book you can get a lot of benefit. The book was compiled by the very famous author. The writer makes some research just before write this book. This book very easy to read you can obtain the point easily after perusing this book.

Carmen Flood:

Exactly why? Because this Bonsai techniques is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will surprise you with the secret it inside. Reading this book next to it was fantastic author who else write the book in such amazing way makes the content inside of easier to understand, entertaining method but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this ever again or you going to regret it. This book will give you a lot of rewards than the other book have such as help improving your proficiency and your critical thinking technique. So , still want to postpone having that book? If I were being you I will go to the e-book store hurriedly.

Charlotte Bernstein:

Playing with family in a very park, coming to see the sea world or hanging out with friends is thing that usually you have done when you have spare time, subsequently why you don't try factor that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Bonsai techniques, you could enjoy both. It is very good combination right, you still need to miss it? What kind of hangout type is it? Oh can happen its mind hangout people. What? Still don't get it, oh come on its identified as reading friends.
