## Handbook of Research on IPOs By Mario Levis, Silvio Vismara

The *Handbook of Research on IPOs* provides a comprehensive review of the emerging trends and directions in the global initial public offerings (IPO) markets. The empirical evidence included in the book covers Europe, the US and the Far East, and presents a truly global perspective of IPO markets around the world and at the different stages of the entire IPO process.

The *Handbook* is divided into six comprehensive parts:

- why, when and where firms go public
- preparation for the IPO
- transaction structure and governance at the IPO
- trading in the aftermarket
- the aftermarket performance of IPOs
- special types of IPOs.

The chapters offer some important new insights into issues that will be of interest not only to the academic community but also to professionals involved in the preparation, structure and execution of such transactions, market regulators, and private and institutional investors.

**Contributors:** N. Appadu, D.B. Audretsch, F. Bancel, S. Banerjee, F. Bertoni, W. Bessler, R. Boissin, M. Bonaventura, P. Brown, J. Cao, M. Cattaneo, S. Chaplinsky, S. Chattopadhyay, H.M.J. ## **Users Review**

**From reader reviews:**

**Jeff Wheeler:**

This book untitled Handbook of Research on IPOs to be one of several books that will best seller in this year, that is because when you read this reserve you can get a lot of benefit on it. You will easily to buy this particular book in the book shop or you can order it by means of online. The publisher of this book sells the e-book too. It makes you quickly to read this book, as you can read this book in your Touch screen phone. So there is no reason to you personally to past this reserve from your list.

**Kevin Zavala:**

Often the book Handbook of Research on IPOs has a lot details on it. So when you read this book you can get a lot of profit. The book was authored by the very famous author. This articles author makes some research before write this book. This specific book very easy to read you can get the point easily after reading this article book.

**Roy Rogers:**

This Handbook of Research on IPOs is new way for you who has attention to look for some information mainly because it relief your hunger info. Getting deeper you onto it getting knowledge more you know or perhaps you who still having small amount of digest in reading this Handbook of Research on IPOs can be the light food for you because the information inside this specific book is easy to get simply by anyone. These books create itself in the form that is certainly reachable by anyone, yes I mean in the e-book form. People who think that in reserve form make them feel drowsy even dizzy this reserve is the answer. So there is no in reading a book especially this one. You can find what you are looking for. It should be here for you. So , don't miss it! Just read this e-book kind for your better life in addition to knowledge.

**John Coffin:**

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library in order to make summary for some e-book, they are complained. Just minor students that has reading's soul or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that reading through is not important, boring along with

can't see colorful pictures on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this Handbook of Research on IPOs can make you really feel more interested to read.
