### Myprogramminglab with Pearson eText -- Access Card -- for Starting Out with C++ From Control Structures through Objects By Tony Gaddis

**ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

#### Packages

Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

#### Used or rental books

If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

#### Access codes

Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

## **Editorial Review**

### **About the Author**

Tony Gaddis is the principal author of the "Starting Out with "series of textbooks. Tony teaches computer science courses at Haywood Community College in North Carolina. He is a highly acclaimed instructor who was previously selected as the North Carolina Community College "Teacher of the Year," and has received the Teaching Excellence award from the National Institute for Staff and Organizational Development. Besides C++ books, the "Starting Out with" series includes introductory books using the Java(TM) programming language, Microsoft(R) Visual Basic(R) .NET, and Microsoft(R) C#(R), all published by Addison-Wesley.

Judy Walters is an Associate Professor of Computer Science at North Central College in Naperville, Illinois. In addition to her many computer science courses, she enjoys teaching a freshman course on film and literature. She also enjoys studying foreign languages and cultures, and recently developed a new course in technology and society, which she taught in Costa Rica Fall 2005, as part of the college's international studies program.

Godfrey Muganda is an Associate Professor of Computer Science at North Central College in Naperville, Illinois, where he chairs the Computer Science Department. He teaches a wide variety of courses at both the undergraduate and graduate levels including courses in Object-Oriented Programming, Comparative Programming Languages, and Compiler Design. His primary research interests are in the Fuzzy Sets and Systems. He won the North Central College faculty award for outstanding scholarship in 1993.

## **Users Review**

### **From reader reviews:**

#### **Roberta Bourland:**
