### Editorial Review

#### From [Booklist](#)

The battle against the Styx and their virtually unbeatable Armagi army continues, but now Will and Elliott have uncovered the meaning of the pyramids far below the Earth's surface and Elliott's surprising transformation is destined to end the Styx threat forever. A satisfying ending—with its own sly tease—wraps up the complex and convoluted Tunnels series. Loose ends are accounted for, and fans will delight in the revelations interspersed between battle scenes that rival anything on Saturday-morning television. A cast seemingly of thousands delivers quite the impact, but read the whole series to get the biggest bang. Grades 6-9. --Cindy Welch
