An economy low in carbon and high in life satisfaction will require thousands, if not millions of exceptional leaders. This book is the first to bring together sustainability knowledge with the leadership skills and tools to help you become one of those leaders. In it you will find everything you need to get started straight away, and to grow your effectiveness, even in a world that remains perversely intent on the opposite. Whether you are new to the whole idea of sustainability, or reasonably well informed but not entirely confident about what to do for the best, this guide will help you 'do' sustainability. Free of checklists and policy recommendations, the focus is on you, and on developing your capacity to identify the right thing to do wherever you are and whatever your circumstances. This is essential reading for those in or aspiring to sustainability-literate leadership, and a must for all those teaching leadership and management.
