**Financial Accounting (8th Edition)** By Walter T. Harrison Jr., Charles T. Horngren, Bill Thomas

*Financial Accounting* helps students “nail” the accounting cycle up front in order to increase success and retention later on. The concepts and mechanics students learn in the critical ‘accounting cycle’ chapters are used consistently and repetitively—and with clear-cut details and explanations—throughout the remainder of the text, minimizing confusion.

A solid enhancement to already solid fundamentals, the eighth edition now features new co-author Bill Thomas of Baylor University who brings his expertise on auditing, ethics, and internal controls to key sections of the book.
