SAP Interactive Forms by Adobe By Jürgen Hauser, Andreas Deutesfeld, Thomas Szücs, Stephan Rehmann

This detailed and comprehensive guide shows you how to create and design forms with SAP Interactive Forms by Adobe. SAP and Adobe experts explain how to use Interactive Forms and integrate it into your SAP business processes and workflows. Extensive examples illustrate how you can fully benefit from modern SAP form technology. This book has all the information you need to answer your questions, increase your knowledge, and improve your efficiency.

- 1. Getting Started** Learn how to install software components, create form templates, and output forms. The first several chapters of the book are devoted to getting started with SAP Interactive Forms by Adobe.
- 2. Beginners and Experts** Consult step-by-step instructions about how to develop and implement your own form design solutions. Both beginners and experts can benefit from the increasing degree of complexity of the examples.
- 3. All-in-One Solution** Discover how to create interactive, digital, or printed forms with detailed and extensive instructions (for example, via Adobe Document Services, Adobe LiveCycle Designer, or interface calls).
- 4. Updated and Expanded Edition** Explore new topics such as the parallelization of print jobs, ABAP Offline Infrastructure, and job profile management. This edition is updated for SAP NetWeaver 7.0 EhP 2.

Highlights:

- Adobe Document Services
- Adobe LiveCycle Designer
- Web Dynpro
- Script programs
- Form Builder
- SAP NetWeaver Portal
- ABAP Offline Infrastructure

- XDC Editor
- JobProfiles Editor
- Parallelization of print jobs

Editorial Review

About the Author

Dr. Jürgen Hauser has worked for Adobe Systems since 2005. His responsibilities include representing Adobe at SAP AG in Walldorf, Germany; product management for SAP Interactive Forms by Adobe, and additional duties, such as local contact for Adobe Flex and Adobe AIR. He has presented SAP Interactive Forms by Adobe at numerous conferences worldwide. He previously worked as a project manager and system architect for a large German consulting firm. After finishing his studies in computer science, with a minor in mathematics, he participated in the Distributed Systems research group. He earned his doctorate in multimedia systems from the University of Stuttgart, Germany.

Andreas Deutesfeld studied physics and computer science at the Johannes Gutenberg University in Mainz, Germany. After finishing his studies, he joined SAP AG in Walldorf, Germany, in 1996. His work focused on form technologies in the development of SAP NetWeaver. He has conducted numerous workshops and classes and consulted for many projects on this topic. Since 2003, he has been heavily involved as a development architect in the design and implementation process of the new form solution, SAP Interactive Forms by Adobe. He lives in a small town on the Rhine with his wife and son.

Thomas Szücs was senior software developer at SAP AG for the Web Dynpro ABAP division where he was in charge of Adobe integration, among other things. After almost nine years at SAP working on SD, CRM, and SAP NetWeaver, he now works as a senior solution architect at Corporate Business Solutions GmbH in Heidelberg, Germany. He is married and lives near Bruchsal, Germany, with his wife.

Dr. Stephan Rehmann holds a PhD in low-temperature physics from the University of Bayreuth, Germany. He joined SAP AG in 1998 and worked in the development division of the overhead cost-controlling product team. At present, he is responsible for the ISR framework for SAP ERP, among other things.

Users Review

From reader reviews:

Deborah Mele:

In other case, little persons like to read book SAP Interactive Forms by Adobe. You can choose the best book if you appreciate reading a book. As long as we know about how is important some sort of book SAP Interactive Forms by Adobe. You can add expertise and of course you can around the world by way of a book. Absolutely right, due to the fact from book you can realize everything! From your country right up until foreign or abroad you will be known. About simple point until wonderful thing you could know that. In this era, we could open a book or maybe searching by internet gadget. It is called e-book. You need to use it when you feel fed up to go to the library. Let's study.

Shelly Sampson:

Reading a reserve can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a book will give you a lot of new

info. When you read a e-book you will get new information because book is one of various ways to share the information or their idea. Second, looking at a book will make a person more imaginative. When you looking at a book especially fictional book the author will bring someone to imagine the story how the people do it anything. Third, it is possible to share your knowledge to other individuals. When you read this SAP Interactive Forms by Adobe, it is possible to tells your family, friends along with soon about yours guide. Your knowledge can inspire the others, make them reading a publication.

John Coffin:

You can spend your free time to read this book this reserve. This SAP Interactive Forms by Adobe is simple to develop you can read it in the area, in the beach, train along with soon. If you did not have got much space to bring typically the printed book, you can buy typically the e-book. It is make you easier to read it. You can save often the book in your smart phone. Thus there are a lot of benefits that you will get when you buy this book.

William Bell:

That e-book can make you to feel relax. This kind of book SAP Interactive Forms by Adobe was multi-colored and of course has pictures on there. As we know that book SAP Interactive Forms by Adobe has many kinds or variety. Start from kids until youngsters. For example Naruto or Detective Conan you can read and think that you are the character on there. Therefore not at all of book tend to be make you bored, any it offers up you feel happy, fun and unwind. Try to choose the best book for you and try to like reading that.
