The End of Christianity From Prometheus Books

In this successor to his critically acclaimed anthology, *The Christian Delusion: Why Faith Fails*, a former minister and now leading atheist spokesperson has assembled a stellar group of respected scholars to continue the critique of Christianity begun in the first volume. Contributors include Victor Stenger, Robert Price, Hector Avalos, Richard Carrier, Keith Parsons, David Eller, and Taner Edis.

Loftus is also the author of the best-selling *Why I Became an Atheist: A Former Preacher Rejects Christianity*. Taken together, the Loftus trilogy poses formidable challenges to claims for the rationality of the Christian faith.

Anyone with an interest in the philosophy of religion will find this compilation to be intellectually stimulating and deeply thought provoking.

Editorial Review

Review

"Loftus's book is admirable for its bluntness and single-minded drive toward the belief that science-itself a human construct and thus as subject to flaws as religion-is mankind's saving grace...Provocative"

-*Kirkus Reviews*

"John Loftus and his distinguished colleagues have hit another home run. This book should win the game: Christianity, it's strike three and you are out!"

-Dan Barker, copresident, Freedom from Religion Foundation; author of *Godless: How an Evangelical Preacher Became One of America's Leading Atheists*
