Viking Weapons and Combat Techniques By William R. Short

A source of enduring fascination, the Vikings are the most famous raiders of medieval Europe. Despite the exciting and compelling descriptions in the Icelandic sagas and other contemporary accounts that have fueled this interest, we know comparatively little about Viking age arms and armor as compared to weapons from other historical periods. We know even less about how the weapons were used. While the sagas provide few specific combat details, the stories are invaluable. They were written by authors familiar with the use of weapons for an audience that, likewise, knew how to use them. Critically, the sagas describe how these weapons were wielded not by kings or gods, but by ordinary men, as part of their everyday lives. *Viking Weapons and Combat Techniques* provides an introduction to the arms and armor of the people who lived in Northern Europe during the Viking age, roughly the years 793–1066. Using a variety of available sources, including medieval martial arts treatises, and copiously illustrated with images of historical artifacts, battle sites, and demonstrations of modern replicas of Viking weapons, the author and his colleagues at Hurstwic (a Viking-age living history organization) and at the Higgins Armory Sword Guild have reconstructed the combat techniques of the Viking age and what is known about the defensive and offensive weapons of the time in general. Throughout, the author corrects some popular misconceptions about Viking warriors and warfare, such as the belief that their combat techniques were crude and blunt rather than sophisticated. In addition, the book provides an overview of Viking history and culture, focusing on the importance of weapons to the society as well as the Vikings' lasting impact on Europe through their expeditions of trade and exploration.

Editorial Review

About the Author

WILLIAM R. SHORT is the manager of Hurstwic, LLC, an organization that researches, practices, and teaches the fighting moves used by Viking-age warriors. An independent scholar who received his doctoral degree from the Massachusetts Institute of Technology, he regularly lectures and teaches at universities, schools, and museums in North America and in Iceland.

Users Review

From reader reviews:

Patti Metivier:

Do you have favorite book? Should you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each book has different aim as well as goal; it means that publication has different type. Some people truly feel enjoy to spend their the perfect time to read a book. These are reading whatever they get because their hobby is actually reading a book. Think about the person who don't like examining a book? Sometime, particular person feel need book whenever they found difficult problem or maybe exercise. Well, probably you will require this Viking Weapons and Combat Techniques.

Dan Villanueva:

In this particular era which is the greater man or who has ability to do something more are more valuable than other. Do you want to become one of it? It is just simple approach to have that. What you should do is just spending your time not very much but quite enough to possess a look at some books. One of many books in the top listing in your reading list is usually Viking Weapons and Combat Techniques. This book and that is qualified as The Hungry Hillsides can get you closer in growing to be precious person. By looking upward and review this guide you can get many advantages.

Floy Knowles:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that studying is not important, boring and can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Viking Weapons and Combat Techniques can make you really feel more interested to read.

Pedro Murray:

What is your hobby? Have you heard this question when you got scholars? We believe that that concern was given by teacher for their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person like reading or as reading through become their hobby. You have to know that reading is very important and book as to be the thing. Book is important thing to provide you knowledge, except your own personal teacher or lecturer. You get good news or update about something by book. Numerous books that can you go onto be your object. One of them is actually Viking Weapons and Combat Techniques.
