**Communism, Fascism, and Democracy: The Theoretical Foundations** By Carl Cohen

This highly regarded reader is intended for courses in political philosophy, political ideologies, political theory, and comparative political systems in both Philosophy and Political Science departments. It remains unsurpassed in the breadth and depth of its coverage, and in its exceptionally clear and provocative presentation of the theoretical foundations of communism, fascism, and democracy. This third edition has been updated to reflect the changing reality of the fall of Communism as a functioning political system, and has been reorganized to better illuminate central philosophical foundations of democracy.
