### Small States in Europe: Challenges and Opportunities By Robert Steinmetz

The effects of recent institutional change within the European Union on small states have often been overlooked. This book offers an accessible, coherent and informative analysis of contemporary and future foreign policy challenges facing small states in Europe. Leading experts analyze the experiences of a number of small states including the Netherlands, the Czech Republic, Slovakia, Luxembourg, Cyprus, Iceland, Austria and Switzerland. Each account, written to a common template, explores the challenges and opportunities faced by each state as a consequence of EU integration, and how their behaviour regarding EU integration has been characterized. In particular, the contributors emphasize the importance of power politics, institutional dynamics and lessons of the past. Innovative and sophisticated, the study draws on the relational understanding of small states to emphasize the implications of institutional change at the European level for the smaller states and to explain how the foreign and European policies of small states in the region are affected by the European Union.

### **Editorial Review**

#### **Review**

'The ongoing transformation of the international political and economic order shows that small countries can be both victors and losers. This important volume tells how and why this happens.' Raimo Varynen, Director, The Finnish Institute of International Affairs 'Overall, the text has a number of significant strengths. The first is that it adds in some innovative ways to a growing body of literature on small states. Second, it has gathered a collection of contributors with a deep appreciation of both the practical realities of small states in the contemporary European environment and the analytical pitfalls of engaging in 'small state studies'. Third, the text offers a broad palette of small state experience from the microstates of Cyprus and Luxembourg to the intermediate-sized Netherlands.' *Acta Politica*

#### **About the Author**

Robert Steinmetz, is a Press Secretary, Personal Assistant to the Minister, General Secretariat, Ministry of Foreign Affairs, Luxembourg and Anders Wivel, is an Associate Professor, PhD, Department of Political Science, University of Copenhagen, Denmark

### **Users Review**

#### **From reader reviews:**

##### **Jonah Masten:**

Reading a reserve tends to be new life style with this era globalization. With studying you can get a lot of information that may give you benefit in your life. Having book everyone in this world may share their idea. Books can also inspire a lot of people. Plenty of author can inspire their reader with their story or maybe their experience. Not only the storyline that share in the textbooks. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors on this planet always try to improve their expertise in writing, they also doing some investigation before they write for their book. One of them is this Small States in Europe: Challenges and Opportunities.

##### **Cheryl Kirkland:**

Many people spending their moment by playing outside together with friends, fun activity having family or just watching TV all day long. You can have new activity to shell out your whole day by examining a book. Ugh, ya think reading a book will surely hard because you have to take the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Small States in Europe: Challenges and Opportunities which is keeping the e-book version.
