## Developing The Institutional Framework For The Management Of Animal Genetic Resources: FaO Animal Production And Health Guidelines No. 6

From Food & Agriculture Organization

These guidelines are part of a series of guidelines prepared to support countries in the implementation of the Global Plan of Action for Animal Genetic Resources. They draw on lessons learned from many years of experience in the implementation of programmes and focal points for the management of animal genetic resources in many parts of the world, and include personal contributions from individuals who have been actively involved in this work.
