This Dead Dodo edition is formatted specifically for Kindle and features an exclusive Kindle-viewable image gallery containing pictures of the author.

War and Peace delineates in graphic detail events surrounding the French invasion of Russia, and the impact of the Napoleonic era on Tsarist society, as seen through the eyes of five Russian aristocratic families. Portions of an earlier version of the novel, then known as *The Year 1805*, were serialized in the magazine *The Russian Messenger* between 1865 and 1867. The novel was first published in its entirety in 1869. *Newsweek* in 2009 ranked it first in its list of the Top 100 Books.

Tolstoy himself, somewhat enigmatically, said of War and Peace that it was "not a novel, even less is it a poem, and still less a historical chronicle." Large sections of the work, especially in the later chapters, are philosophical discussion rather than narrative. He went on to elaborate that the best Russian literature does not conform to standard norms. Tolstoy regarded *Anna Karenina* as the first of his novels.
