### A Door Into Ocean (Elysium Cycle) By Joan Slonczewski

*A Door into Ocean* is the novel upon which the author's reputation as an important SF writer principally rests. A ground-breaking work both of feminist SF and of world-building hard SF, it concerns the Sharers of Shora, a nation of women on a distant moon in the far future who are pacifists, highly advanced in biological sciences, and who reproduce by parthenogenesis--there are no males--and tells of the conflicts that erupt when a neighboring civilization decides to develop their ocean world, and send in an army.

### Editorial Review

From Publishers Weekly

"In her ambitious second SF novel (after *Still Forms on Foxfield*) biology professor Slonczewski has created an intriguing ocean world with its own culture and biological adaptations. Particularly ingenious are the clickflies, insects that collectively serve as both a living computer and a communications network. But the book has problems with its rigid ideological structure. On one side is the planet Valedon, a patriarchal, capitalist, mechanistic and militaristic society. On the other is Valedon's watery moon Shora, an all-female society based on life sciences and the principle of sharing. It gets by without any government, shuns the mechanical and, knowing its limits, lives in harmony with nature. In the inevitable confrontation, Shora uses Gandhian techniques of passive resistance to thwart Valedon's troops. Fortunately, this schematic political framework is enlivened by the full-blooded characters who negotiate between the two cultures."

Review

"By the time the conflict . . . has moved to center stage, you not only know the antagonists intimately, you care passionately about the outcome . . . The story deals with the efforts of decent people on both sides to see beyond their culture-bound definitions of humanity." --*New York Times Book Review*

"[A] dreamy, poetic book . . . very much in the spirit of Dune or Le Guin's works. It's tough to build a world, particularly if you try to get the science correct. Author Slonczewski accomplishes that difficult feat and manages a gripping plot into the bargain. Maybe Le Guin has competition." --*San Francisco Examiner*

An intriguing ocean world...[The] schematic political framework is enlivened by the full-blooded characters who negotiate between the two cultures. Science Fiction Book Club selection. --*Publishers Weekly*

"One of the best new science fiction novels of the last several years." --*VOYA*

"Slonczewski creates an all-female, nonviolent culture that reaches beyond feminism to a new definition of human nature. This novel is highly recommended." --*Library Journal*

About the Author

**Joan Slonczewski** lives in Gambier, Ohio and teaches biology at Kenyon College.

### Users Review

**From reader reviews:**

**Anita Pfeifer:**

What do you regarding book? It is not important to you? Or just adding material if you want something to explain what yours problem? How about your free time? Or are you busy person? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have extra time? What did you do? All people has many questions above. The doctor has to answer that question simply because just their can do this. It said that about publication. Book is familiar in each person. Yes, it is correct. Because start from on pre-school until university need this *A Door Into Ocean (Elysium Cycle)* to read.

**Shane McKeel:**

Nowadays reading books are more than want or need but also get a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge even the information inside the book that improve your knowledge and information. The info you get based on what kind of publication you read, if you want get more knowledge just go with training books but if you want feel happy read one having theme for entertaining for example comic or novel. Typically the A Door Into Ocean (Elysium Cycle) is kind of e-book which is giving the reader capricious experience.

**Clifford Roselli:**

Playing with family in a very park, coming to see the water world or hanging out with close friends is thing that usually you may have done when you have spare time, subsequently why you don't try point that really opposite from that. One particular activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love A Door Into Ocean (Elysium Cycle), you could enjoy both. It is fine combination right, you still desire to miss it? What kind of hang type is it? Oh occur its mind hangout guys. What? Still don't obtain it, oh come on its known as reading friends.

**Gertrude Hoskins:**

Is it you who having spare time in that case spend it whole day through watching television programs or just telling lies on the bed? Do you need something new? This A Door Into Ocean (Elysium Cycle) can be the response, oh how comes? It's a book you know. You are thus out of date, spending your spare time by reading in this brand new era is common not a nerd activity. So what these guides have than the others?
