Editorial Review

"*Goldberger's 8th Edition of Clinical Electrocardiography* has been written for the practising clinician to equip (them) with the necessary knowledge in not only the correct approach to interpreting an ECG, but also in formulating a management plan...The book provides a systematic approach to ECG analysis and has been divided, for this purpose, into three sections, with individual illustrations and images to improve understanding...Personally, as a trainee in cardiovascular sciences with broad experience in the interpretation of ECGs, I found this book a valuable reference which has been enabled me to better develop my insight into ECG analysis through a wealth of clinical highlights, including diagnosis and management tips." **Perfusion, December 2012**

Users Review
