Rousseau on Philosophy, Morality, and Religion By Jean-Jacques Rousseau

The pioneering collection "Rousseau on Philosophy, Morality, and Religion" brings together Rousseau's key published and unpublished (in English translation), writings on philosophy, morality, and religion. This comprehensive, tightly constructed anthology can easily stand alone or serve as an exceptional companion to Rousseau's "First and Second Discourses" and "Social Contract". Readers will find herein the definitive translation of the key essay on the "Origin of Languages", rarer works such as the "Four Letters to M. the President de Malesherbes" - containing one of Rousseau's most important statements about his thought and its origin and development - and much more. Less well-known, less accessible, and frequently overlooked, these brilliant shorter pieces in many ways encapsulate Rousseau's thought more directly or more simply than do his longer works. Editor Chris Kelly's incisive preface and introduction neatly contextualize the eleven primary selections, and a Rousseau chronology and bibliography round out the collection.

Editorial Review

Review

"[An impressive new volume edited by Christopher Kelly . . . [it constitutes essential reading for anyone seriously interested in Rousseau as a philosopher; and for compiling the volume . . . Professor Kelly is to be commended." --The Review of Metaphysics

"Rousseau scholars should take joy in the recent publication of Christopher Kelly's Rousseau on Philosophy, Morality, and Religion. . . . Indeed, this anthology offers a great selection covering the entire span of Rousseau's most active years as an intellectual (1751-69), which gives readers the opportunity to answer for themselves the perennial question of the unity of Rousseau's thought. . . . Although the purist may lament the increasing availability of Rousseau's work in English, others will express gratitude to Kelly for offering a relatively inexpensive and wide-ranging selection of Rousseau's work." --Eighteenth-Century Studies

About the Author

CHRISTOPHER KELLY is Professor of Political Science at Boston College and editor and primary translator of Dartmouth College Press's acclaimed *Collected Writings of Rousseau*. He is the author of *Rousseau's Exemplary Life* (1987) and *Rousseau as Author* (2003).

Users Review

From reader reviews:

Michelle Saunders:

Reading a book can be one of a lot of pastime that everyone in the world likes. Do you like reading book consequently. There are a lot of reasons why people love it. First reading a guide will give you a lot of new information. When you read a guide you will get new information mainly because book is one of numerous ways to share the information or perhaps their idea. Second, reading through a book will make you actually more imaginative. When you studying a book especially fiction book the author will bring someone to imagine the story how the character types do it anything. Third, you may share your knowledge to some others. When you read this Rousseau on Philosophy, Morality, and Religion, you are able to tells your family, friends in addition to soon about yours e-book. Your knowledge can inspire the mediocre, make them reading a guide.

Rick Briones:

A lot of people always spent their particular free time to vacation or go to the outside with them loved ones or their friend. Do you realize? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. In order to try to find a new activity honestly, that is look different you can read any book. It is really fun for you personally. If you enjoy the book you read you can spent all day long to reading a book. The book Rousseau on Philosophy, Morality, and Religion it is very good to read.
