**50 Reasons Not to Vote for Bush** By Robert Sterling, Greg Palast, Lydia Lunch, Sam Smith, Robbie Conal, Matt Taibbi

Created "for progressive voters with a sense of fury and humor," this book lists the top 50 reasons to vote the Republicans out of the White House in the upcoming election. The writing style is forthright and provocative, with incendiary allegations backed up by numerous quotations and rigorous statistics. Essays include "The Bankrupting of America"; "John Ashcroft Is Watching"; "Shrubonomics"; "Bet on Terrorism for Fun and Profit!" and "George's Daddy (and George's Granddaddy)." They all lead up to reason number one, "He Stole the 2000 Election," which is summed up in the following way: "The end result is a national disgrace: a phony election illegitimately putting into office a sorry excuse for a man. For this reason alone, Bush deserves to be rightfully snubbed in 2004, to restore any basic level of legitimacy to a government that is supposed to be of the people, by the people, and for the people." Contributors include Greg Palast, Russ Kick, Jonathan Vankin, James Ridgeway, Robert Anton Wilson, and Robbie Conal.

## **Editorial Review**

From Publishers Weekly

Fifty seems to be the number of choice for political handbooks this year (see MoveOn's 50 Ways to Love Your Country and Ben Cohen and Jason Salzman's 50 Ways to Show George the Door in 2004). Sterling, of Konformist.com, appeals to those who are so disillusioned and cynical about both major political parties that they didn't even vote in 2000. "Lest the election be close enough to steal again, make sure that your friends go to the polls, if only out of anger," he advises. Most of Sterling's 50 reasons will be familiar to those who follow the news-the Enron corruption scandal, the failure to find Osama bin Laden, the charge that Bush disregarded intelligence about a terrorist move on the U.S.-and like other Bush-hating texts, this one brings together disparate pieces of information. The harsh tone (and four-letter words) won't appeal to all who want to unseat Bush, but those who sat on the sidelines in 2000 may be tempted to check this out. The book includes short contributions by bestselling author Greg Palast, Paul Krassner and others.

Review

Robert Sterling is bracingly rude. -- *The Guardian (UK)*, 7/10/04

Sterling's concise handbook of facts, figures and felonies (is) enlivened by his sardonic (some would say "demented") wit... -- *New York Press*, June 2-8 2004

Very provocative... very informative tell-all book... laid out in a nice, neat and easily referenced format. -- L.A. Vess, *gaywired.com*

## **Users Review**

**From reader reviews:**

**Deanna Reed:**

Nowadays reading books be than want or need but also turn into a life style. This reading routine give you lot of advantages. The huge benefits you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information.
