Editorial Review

Review

"This authoritative source contains precise and easy-to-understand definitions of words, terms, and phrases used in the fields of HRM, personnel, and industrial relations."--*Business Horizons*

"[D]ictionaries like this ... are food for the mind and soul, and I couldn't have asked for a better HRM dictionary than this one, its English exactitude combined with classic British understatement. It captures so well the unique English penchants for legalism, capitalism, collectivism, and a hint of Marxism."--*Personnel Psychology*
