Communication Magic By L. Michael Hall

Michael Hall has revised and expanded his classic book, "The Secrets Of Magic". This thoroughly updated and restructured work explores the Meta-model, which lies at the heart of communication excellence in NLP (Neuro-Linguistic Programming), Dr Hall demonstrates how your life can be dramatically enriched by having complete control over how you relate and interpret what you are communicating to others. In a clear and logical manner the author examines: how language affects the mind-body system; how language can perform magic-like feats in the nervous and immune systems; and how the magic can bless, empower and enable us to take charge of running our own brains. "After many years it's good to return to the Meta-model and learn more of its secrets from Michael Hall." - Ian McDermott, NLP Trainer.
