**Going to the Source : The Bedford Reader in American History** By Victoria Bissell Brown, Timothy J. Shannon

Many document readers offer lots of sources, but only *Going to the Source* combines a rich diversity of primary and secondary sources with in-depth instructions for *how* and *when* to use each type of source. Mirroring the chronology of the U.S. history survey, each of the main chapters employs a single type of source — from personal letters to political cartoons — while focusing on an intriguing historical episode such as the Cherokee Removal or the 1894 Pullman Strike. A new capstone chapter in each volume prompts students to synthesize information on a single topic from a variety of source types. The wide range of topics and sources across 28 chapters — 6 of them new — provide students with all they need to become fully engaged with America's history.
