### **Editorial Review**

#### **Amazon.com Review**

Jude Fisher's *Lord of the Rings Visual Companion* is a real treat for Tolkien fans and brings readers up close to some of the amazing detail they will find in the big-screen version of this fantasy classic. Not just a straightforward movie guide, this is more of a Middle-earth encyclopedia with information on the people and places to which moviegoers will be introduced. The text is informative and never presumes any level of knowledge, making this book more than accessible for Tolkien fans or those who have yet to discover his work. The pictures are full color and quite simply superb, showcasing the movie's epic scope and exciting special effects. There is even a foldout map of Middle-earth in the center pages using shots from the movie to illustrate key locations, giving it a more realistic feel. Not an average movie tie-in book, Fisher's wonderful guide has been as lovingly put together as the movie itself and has "quality" stamped all over it. This is definitely one to add to your collection. --*Jonathan Weir, Amazon.co.uk*

#### **From School Library Journal**

Adult/High School-This official, authorized companion to the movie will be helpful to anyone wanting background about Middle-earth, the ancient history of the rings of power, and the main characters and creatures in J. R. R. Tolkien's work. Readers will learn the history of the free peoples of Middle-earth, hobbits, elves, dwarves, and men. The book ends with the Istari, an Elvish term meaning an order or brotherhood of wizards; Gandalf the Grey and Saruman the White are highlighted in this section. Finally, the Dark Powers are featured, including the Orcs, Uruk-Hai, and the Nazgul. The photos are excellent and give readers a good idea of what the characters are all about and their roles in the movie. Anyone interested in a brief history of Tolkien's novel, filmmaking, and cinematography will find this an entertaining read.

The The Fellowship of the Ring Visual Companion (The Lord of the Rings) will give you a new experience in looking at a book.

**Robert Perkins:**

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that reading is not important, boring as well as can't see colorful photos on there. Yeah, it is being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this The Fellowship of the Ring Visual Companion (The Lord of the Rings) can make you sense more interested to read.
