By Darynda Jones

**First Grave on the Right (Charley Davidson, Book 1)** By Darynda Jones

*First Grave on the Right* is the smashing, award-winning debut novel that introduces Charley Davidson: part-time private investigator and full-time Grim Reaper.

Charley sees dead people. That's right, she sees dead people. And it's her job to convince them to "go into the light." But when these very dead people have died under less than ideal circumstances (i.e., murder), sometimes they want Charley to bring the bad guys to justice. Complicating matters are the intensely hot dreams she's been having about an Entity who has been following her all her life...and it turns out he might not be dead after all. In fact, he might be something else entirely.

This is a thrilling debut novel from Darynda Jones, an exciting newcomer to the world of paranormal romantic suspense.

*First Grave on the Right* is the winner of the 2012 Rita Award for Best First Book.

### Editorial Review

#### From [Booklist](#)

\*Starred Review\* Charley Davidson's police-officer father and uncle began consulting her for help in solving murders when she was five years old. Charley has a special gift?she sees and talks to the victims. Her job is to point the recently departed to the light, but those who have been murdered want her to make sure their killers are caught. Charley's latest clients-from-beyond are three personable lawyers, all murdered by the same person at nearly the same time. When she's not helping ghosts with the ultimate closure, Charley is trying to figure out who her sizzling-hot dream lover is. The manuscript for this sassy, sarcastic, sexy novel won the Romance Writers of America's Golden Heart for Best Paranormal Romance. Now Jones' wickedly witty debut will delight aficionados of such humorous paranormals as Casey Daniels' Pepper Martin Mysteries (Don of the Dead, 2006; The Chick and the Dead, 2007; Tombs of Endearment, 2007) and Dakota Cassidy's Accidental Friends series (The Accidental Werewolf, 2008; Accidentally Dead, 2008; The Accidental Human, 2009). Librarians will want to be on the lookout for the next book in Jones' series, Second Grave on the Left (2011). --Shelley Mosley

Charley Davidson is a part-time private investigator and full-time grim reaper. Meaning, she sees dead people. Really. And it's her job to convince them to “go into the light.” But when these very dead people have died under less than ideal circumstances (like murder), sometimes they want Charley to bring the bad guys to justice. Complicating matters are the intensely hot dreams she's been having about an entity who has been following her all her life...and it turns out he might not be dead after all. In fact, he might be something else entirely. But what does he want with Charley? And why can't she seem to resist him? And what does

she have to lose by giving in?
