Editorial Review

From the Inside Flap

The Soft Coated Wheaten Terrier Like just about anything else Irish, taking the Soft Coated Wheaten Terrier to your heart is easy; it's that kind of dog. Developed over many years as a farmer's dog of all work, the Wheaten herded and protected livestock, dispatched vermin, served as a hunting companion and guarded the homestead and family from any danger. Today, the descendants of those early Wheatens brighten the lives and homes of dog lovers everywhere with their endearing personalities, unswerving loyalty and eye-catching good looks. The Soft Coated Wheaten Terrier was recognized by the AKC in 1973 and since then the breed's combination of strong assets and Irish charm have earned it a solid niche among all breeds. The Wheaten is a terrier to its toes, but is less inclined than most terriers to be argumentative. This asset shows in the breed's people-pleasing nature and adaptability to training. Truly, this dog with a coat of honey matches its lovely exterior with a heart of gold!
