With a delightfully obsessive hand, Michael and Denise Okuda present the minutiae of every moment from the four *Star Trek* series and eight films. Every planet ever visited, every food ingested, every outfit worn, and every featured character appears in *The Star Trek Encyclopedia*, on glossy pages with color illustrations worthy of author Michael Okuda's position as art director for the entire *Star Trek universe*. Even the nonfan will enjoy the endless cross-references and the secret, cohesive universe exposed in this volume, which reads like the realization of Jorge Luis Borges's dream of a fictive encyclopedia merging with the real world.
